Options

**2.5-Hour Program**

This option includes ground activities and initiatives only. Facilitators have a plethora of activities to choose from that can address your groups specific goals, whether that be problem solving and working together, communication and its barriers, or many other characteristics. Staff will then lead debriefs and reflections to help solidify the learning opportunities from the activities. *Can accommodate up to 100 participants!*

**4-Hour Program**

With the extra time your group will start with activities and challenges on the ground, and then progress to our high ropes Odyssey course, where teams of up to 8 must work together to overcome obstacles and challenges while high in the air! (2 levels, 20ft and 35ft high) It’s an attention-getter! Staff will lead a debriefing session halfway through the course and keep participants on their toes and attentive of the group dynamics playing out and return back to your group goals. *Great for groups with 48 people or less.*

**6-Hour+ Program**

This option is for the groups who like to spend more time with our tailored activities and debriefs attending to the group goals and needs, meaning more opportunities for learning and bonding. The extra time could also allow your group to experience both levels of the Odyssey ropes course! Best suited for active individuals wanting a more physical challenge with their team. *Best suited for groups of 32 or less.*
