ARTICLE I
Purpose of IFC sports
A. IFC sports allows friendly competition between IFC fraternities in IFC deemed sports
B. An IFC sports trophy is given out to the chapter who achieves the most sports points by the end of the academic year

Article II
Team Member Eligibility
A. An eligible participant of IFC sports must be eligible to the policies of Campus Recreation

Make Note: Players may not participate in two or more teams in any division and in the same sport during the Intramural season. Players may however play in a co-ed league or in a men’s/women’s league at the same time. IFC is considered a men’s competitive division and therefore will follow the same guidelines as described earlier. Participants who are in violation of this policy shall be banned from the sport and will forfeit that game no matter what the final score is. Managers are responsible for their player’s eligibility. Ignorance is no excuse. You have been warned.

B. No alumni or graduate students are allowed to participate in IFC sports, but are encouraged to attend to provide support. (Approved Fall 1999)
   1. Associate members, candidates, novices, or pledges may participate in IFC sports if proper notice of their candidacy or pledgeship has been given to both the Greek Advisor, via the scholarship report and the IFC Vice President of Rush. Also they must comply with university eligibility policies.

C. New members that have already played for a different team may not participate in an IFC major sport until next quarter. Those members who have played in IFC and are no longer affiliated with an IFC chapter may not join another Campus Recreation team (Approved Fall 2004).

D. ALL IFC sports eligibility violations will be reported to IFC Judicial Board and be held under IFC Judicial Board bylaws for further sanctioning (Approved Fall 2004)

E. Teams playing with ineligible players will forfeit the game played by this person and receive a sportsmanship rating of an one (1). That player will be banned from further participation for the remainder of the quarter (Approved Winter 2007).
Article III
Major and Minor Sports

A. An IFC major sport is one that is considered by the Campus Recreation as its own league, separate from other leagues. IFC teams are eligible to enter the ALL University playoffs for these sports if requirements are met.

1. Major Sports
   a. Fall Quarter Major Sports: Football, Volleyball
   b. Winter Quarter Major Sports: Basketball, Soccer
   c. Spring Quarter Major Sport: Softball, Team Handball

B. An IFC minor sport is a tournament that may or may not include other campus teams.

1. Minor Sports
   a. Fall Quarter Minor Sport: Dodgeball, Ultimate Frisbee
   b. Winter Quarter Minor Sports: Wrestling, Bowling
   c. Spring Quarter Minor Sports: Kickball, Track Meet

C. League seeding will be determined by the previous year’s IFC league results.
   1. The IFC playoff champion will receive the number one seed.
   2. The remaining seeds are determined by a combination of IFC league points and playoff points
   3. Teams that did not participate the previous year will be seeded by a random draw after the other teams have been seeded.

D. For each major sport and minor sport, a chapter will be penalized Fifteen (15) points for late registration (Leagues and Tournaments). In addition, if a Chapter has not yet paid after the 2nd game of the season the team will be dropped from the league. A team that has not paid for their tournament registration will not be recognized as a chapter and will not be entered in the tournament. (Approved Winter 2009)

Article IV
Point System – Major Sports & Minor Sports

A. Major sport points will consist of a culmination of League results, IFC playoffs, All University playoffs, and attendance at the Sports Meetings.

1. League points start at 50 points for first place, 40 points for second, and will decrease by increments of 10.
   a. In the event of a tie, the points for the position and the succeeding positions will be added up and divided equally among the tied teams. I.E., two teams are tied for third place, then the third and fourth place points would be added and then divided by two. The next team would then receive the fifth place points.
   b. When leagues play “interleague” (due to scheduling problems) competition, the top two records (from both leagues) will earn 50 points; next two earn 40, and so on. (Approved Spring, 1999)
   c. In leagues of two different sizes (e.g. a 5 team league and a 4 team league), in which no interleague occurs, points will be separated. Thus each league champion receives 50 points, etc. The 5th place team in the one league still receives 10 points. (Approved Spring, 1999)
   d. For 10 team leagues (i.e. two leagues of 5) in the ARC, each team will play one interleague game to avoid ‘bye’ weeks. This gives each team an extra game. Interleague match-ups are done by random draw. Such games count in all league standings. (Approved Fall, 1999)

2. The IFC playoffs will be worth 60 points for first place, 40 points for second, and will decrease in increments of ten points per place. (ie, 40, 30, 20…)
3. All University playoffs will no longer take place. However, the winner of the IFC playoffs will play in a “showcase game” versus the winner of the Men’s A or Men’s Open division. If the IFC team wins this game, that chapter will be awarded 10 bonus points (Approved, 6/2/14).
4. Attendance at the monthly sports meetings will count as 5 points per meeting.
5. Manager’s meeting for major and minor sport: Mandatory for every chapter: Each chapter receives 5 points for attending each major and minor sport manager’s meeting. For chapters who do not attend the meeting they will lose 5 points. (approved Winter 2010)
6. At any time during the season, if any player is ejected from the game (major sport or minor sport) the chapter will lose 15 IFC points. (approved Winter 2010)
7. During the season if the same chapter is involved resulting in a second ejection by the same or different player, the chapter will be removed from the league.
8. If three or more different chapters are involved in an altercation resulting in an ejection in that sport, the entire league is cancelled. No points earned will be given. (approved Winter 2010)

9. During playoffs if a player is ejected that chapter will lose 30 points and the chapter will be disqualified from IFC playoffs. IFC Points earned will not be affected. (approved Winter 2010)

10. Disqualification from a sport will result in a loss and possible further sanctions from the Department of Intramural Sports.

11. In the case of an appeal, it must go through an appeal board consisting of the IFC Executive board and the Greek Advisor, it must receive approval by the IFC.

B. **Minor sport points** will start at 65 points for first place, 50 points for second, and will decrease in increments of 10 points.

1. A forfeit in the first round of a single elimination tournament, i.e. ultimate frisbee, will result in the forfeiting team receiving zero points for that sport.

2. A fraternity can earn IFC points if they participate with the minimum number required to be in the sport. For example, wrestling requires one participant, and dodgeball requires six. Still, a team must pay the team entry fee to register as a participating IFC team. Note: To win the Campus Recreation team, the team must fulfill the minimum team number required. Thus, wrestling and track require four participants.

3. At least four IFC teams must participate in a minor sport for that event to qualify towards IFC points.

### Article V

**IFC Playoffs (Approved Fall 2013)**

A. Only the top 8 teams will make the IFC playoffs. This will be deemed by league records, point differential, head to head, and sportsmanship rating, in this order:

1. Winning percentage
2. Head-to-Head Competition
3. Sportsmanship Rating
4. Point Differential (Total points scored minus total points allowed. The team with the highest points is seeded higher).
5. Points Against
6. Random Draw

B. Teams must meet the sportsmanship rating criteria of 2.5 or higher to be eligible for IFC playoffs.

C. An ineligible player participating in a game will forfeit that game either at the point of discovery or when violations have been found true. IFC teams playing with illegal player(s) during IFC playoffs will disqualify themselves from IFC Playoffs. The team seeded 9th will be allowed to participate in the IFC playoffs (approved Winter 2010).

D. A player found to be ineligible will be banned for the remainder of the season. The team in violation will also take a loss for each game the illegal player participated in. The team in violation shall also receive a sportsmanship rating of a one (1) for each game the illegal player has participated in. (Winter 2007)

### Article VI

C. Teams will be rated on a four-point scale designated by the official, officiating team, or supervisor on duty. 4 points being excellent in sportsmanship (no incidents), 1 being poor.

D. Any chapter that receives a sportsmanship rating of 3.5 or higher during the regular season of major sports will be awarded 5 bonus points (Approved 6/2/14).

E. IFC teams are required to maintain at least a 2.5 average over the regular season in order to participate in IFC playoffs and ALL University Playoffs. Teams must maintain the 2.5 average during the playoffs in order to advance to the next round (Approved Fall 2014)

F. Any team that has a player ejected can receive no higher than a two rating for that game. Any player ejected must sit out their next scheduled game, at minimum. The Intramural Sportsmanship Advisory Board will hold an arbitration hearing (Approved Winter 2010).

G. If a player(s) is ejected from an IFC game, the Intramural Sportsmanship Advisory Board will be responsible for taking action towards this player and his chapter (Approved Fall 2004).
H. If an IFC player is ejected from a game the player may not participate in any IFC game until the Intramural Sportsmanship Advisory Board has made a decision.
I. If a team, or more than one player on a team, is involved in an altercation or scuffle, that team will receive an one rating for that game. Those players or team involved will be suspended for the remainder of the season (Approved Fall 2004).
J. Enforcement of situations not accounted for in these bylaws will be up to the discretion of the IFC Judicial Board and the IFC Judicial Board bylaws (Approved Fall 2004).

Article VII
Rescheduling

A. Re-scheduling of a game can only be done due to EXTENUATING CIRCUMSTANCES. Please note that re-scheduling of a contest may be difficult due to lack of gym hours. It is asked that all teams be flexible.
B. DO NOT ASSUME that a game is re-scheduled. A rescheduled game must be agreed upon by the two manager’s and the Director of Intramural Sports
C. Due to early request for officials and facility usage rescheduled games must be agreed upon three (2) days in advance (Approved Fall 2014).
D. A two-day notice shall be implemented for teams requesting to change their game times. The team requesting to switch times must be responsible for contacting the other team and the Intramural Director three days prior to their scheduled game. Both teams shall work together and within reason, come up with an agreed time. Both teams shall notify the Intramural Director at Least 72 hours prior to the new game date/time to adequately supply officials for that game.
